as follows:

"It is true that Mr. Jackson voted to remove the Capital from Charleston. It is also true that he voted to re-locate it at Clarksburg. But in voting to remove it he knew that he was giving his own town an even chance with every other when a permanent location should be made. But when the bill was passed confining the choice to three points—Clarksburg, Martinsburg and Charleston, I personally know that his sympathies were with Charleston against the other points, and he only voted for Clarksburg because to yote for Charleston after having voted for removal from there would have been to stultify himself. awha county, letter of August 30th, which says:

"Jake Jackson made a speech here last Saturday, at the Democratic County Convention. It consisted of nothing but abuse of the Republican party and an explanation of his Capital record. He said that the reason he voted to take the Capital from this place was that his constitutal from this place was that his constitutal from this place was that his constitutal from the people of his county (Wood) they stood by Oharleston. About the time he was winding up his speech, some one handed him a note which read as follows:

"We, the citizens of this county, desire if know how yos volved on the Capital (ue-tion when it was submitted to the people, Which of the three places did you vote for?"

"Jake reached ove."

The Hon. E. H. Gove, Chairman of the Maine Greenback State Committee, Green them. We quote from Kenna's remarks back candidate for Congress in the First District in 1878, and Secretary of State under Governor Garcelon, has written the following letter:

BIDDEFORD, August 26, 1880. Gentlemen of the Greenback State Committee: Biddermen of the Greenback State Committee:

I hereby suriender my membership of your organization and withdraw. Hereafter I shall act with the Republican party. No one can more sincerely regret the necessity that compels this step. The original end sought through a new party was currency reform; its present aim is "to beat the Republican party." The first issue called thousands out: the second issue sends them back. Against the will and calmer judgment of true men the persistent and tireless Democracy have dragged the Greenback party into this false position. I find it no longer au independent organization. Its forces, as now directed, are one with the "Solid South," a factor in the struggle for Democratic supremacy. Of this party Solon Chase says: "They now stand upon the hardest kind of hard money platform, and the Bourbon rule in the South, where they have their own way, is a disgrace to the civilization of any country." A "Solid South" is the boast of the Northern Democratis; it should be their shame and contusion. It is not a community of ideas, begotten of free discussion; it is the harmony of fear, the unity of terrorism, exemented in blood. Now we are united by fusion with this criminal and dangerous Solid South. The young, pure blood of the Greenback party is to be transfused into the frame of this dying desperado. I can see nothing of advancement to Greenback principles in this alliance, so fraught noe Charleston meetings were gotten hroughout Wood county. That in Partersburg was attended by more than a housand persons. To him more than any ther man is due the vote of Wood county in favor of Charleston."

In view of this revelation on the part of Kenna it is no wonder that Jake felt omewhat embarrassed by the question sent up to him. It would not do for him to endorse that explanation, and of course would not do for him to deny it. So Upon the whole, we think it would have seen better for Jacob had he toted fair on the Capital question. People do not admire a man who plays a double handed can see nothing of advance can see nothing of advancement to Greenback principles in this alliance, so fraught with National peril. I believe that the interest and the good of the country are best served by the defeat of the Democratic party. That I may contribute to that end in the most immediate and direct manner, THE Catholic Review prints the following Railroad guide for travelers on their way First-No return ticket or excursion go to the Republican party. I am yours, E. H. Gove, Chairman. trains.

emocrats are beginning to realiz that the "count" in Alabama was pro digiously overdone. The Democratic marity, according to last reports, was 92,000 only 10,000 less than the entire Democratic vote in 1876. Yet it is acknowledged that 20,000 Greenback votes were cast in Northern Alabama alone. On anything like a fair vote it is probable the oppos ion would have polled 50,000 to 75,000 otes, and carried a dozen of the most in portant counties in the State.

RIPON, August 31.-Cranberry picking will soon begin in this State on one of the largest crops ever harvested. It is an industry of great importance in many local ties, and large investments are being an ties, and large investments are being an-nually made in lands adapted to that pur-pose. Last year the Wisconsin Valley railroad carried away 20,000 barrels, and it is estimated that the St. Paul transport-ed as many more. Prices bid fair to rule low, \$5 per barrel being the price offered at present, which is \$2 or \$3 below the av-erage. About 10,000 pickers find employ-ment during the season at fair wages. Ex-Governor Taylor is largely interested in the cultivation of this fruit. "In order to accommodate all several special trains will run, known as the Baptist train, Methodist, Prebyterian, Episcopal, Lutheran, Reformed Dutch and other trains; the passport of faith good on all; on the Baptist train part of the trip is by water, but the destination and conditions of travel are the same."
